Regional Coordinators have no obligation to ensure that Assistance is provided or to provide Assistance themselves.

Once a request is made, it is in the sole discretion of the management of the Utility to which the request is made, to decide whether it will become an Assisting Utility. Once a Utility assumes the responsibilities of an Assisting Utility, it shall be obligated to provide Assistance in accordance with this Agreement. Notwithstanding the foregoing, the Assisting Utility shall have the ability to instruct its employees to return to its headquarters whenever management of Assisting Utility deems it to be necessary or desirable.

Nothing in this Agreement shall be construed as prohibiting a NEPPA member Utility from directly arranging for Assistance on its own with other utilities, outside the parameters of this Agreement.

SECTION 3. OBLIGATIONS OF REQUESTING UTILITY

Under no circumstances shall Indemnitees be entitled to special, indirect, punitive or consequential damages, lost profits or business interruption damages whether in contract, tort, warranty, strict liability or otherwise. For removal of doubt, payments in connection with worker's compensation or disability or pension benefits, or increases in such costs, whether due to increases in premiums as a result of a Claim or contributions, are not included in Covered Losses."

An Indemnitee shall promptly notify Requesting Utility in writing of any Covered Claim for which it seeks indemnification hereunder, and in no case, more than fifteen (15) days after Indemnitee receives notice of such Covered Claim. The Requesting Utility shall have no liability for failing to provide indemnification for any Claim for which it has not received notice.

Notwithstanding the foregoing, the Indemnitee shall have the right, at any time, to participate in or assume control of the defense of the Covered Claim with counsel of its choice, which counsel must be reasonably acceptable to Requesting Utility. Requesting Utility agrees to fully cooperate with Indemnitee. If Indemnitee assumes control of any

third-party Covered Claim, Requesting Utility shall have the right to participate in the defense at its own expense. If Indemnitee does not assume control or otherwise participate in the defense of the Covered Claim, Indemnitee shall be bound by the results obtained by Requesting Utility.
