

JUDGING GUIDELINES & GENERAL RULES FOR TEAMS

Team Definition: Three lineworkers who may rotate between events as climbers/groundmen. All climbers must be current lineworkers or have been otherwise classified a lineworker/apprentice.

Judging will be based upon safety procedures, work practices, neatness and ability, equipment handling and timely completion of each event, (however, time will only be used in case of a tie). Any mistake made that would under normal working conditions cause serious injury or death will constitute immediate disqualification. **Any event judge, with consensus of the master judge, can disqualify a team for inappropriate conduct at any rodeo event, including the awards banquet. Disqualified competitors must leave the rodeo grounds immediately and may not participate in any other rodeo-related activity for the remainder of the rodeo. Competitors that have been disqualified will forfeit any scores prior to the disqualifying event. A letter documenting the conditions that warranted disqualification will be sent to the competitor's employer.**

GENERAL RULES FOR TEAMS

Hard hats & safety glasses are required for all participants & for all events.

Long sleeve shirts are required for all events. Sleeves may not be pushed up or rolled and must be buttoned (if applicable). Shirt tails must be tucked in at the start of the event.

Work gloves are required for all groundmen for all events.

Climbers are required to wear rubber gloves ground to ground, unless specified otherwise in the event description.

Climbing participants must inspect rubber gloves using the manufacturer's field air test prior to each event.

Climbing belt, climbers, fall arrest & secondary belts must be in good, safe, working condition.

Fall arrest is mandatory for all rodeo events.

Fall arrest must be properly adjusted.

Handline must be secured to belt using a plastic breakaway hook. The first climber must secure handline to pole before the second climber ascends the pole.

Neutral must be handled by gloved hand or appropriately tool.

Positive Control is defined as placing a conductor or any other potentially hazardous piece of equipment into a desired position in the work area. "Control" may be affected by means of a tool (shotgun, clothespin(s)), materials (tape) or by direct physical contact by the Lineworker. Any questions regarding "Positive Control" should be directed to the Event or Master Judge

Participants will have five minutes prior to each event to ask questions, layout tools, test gloves, test pole & adjust fall arrest.

Tool sharing between teams is allowed.

Questions will not be permitted during judging.

Each event is worth 100 total points.

APPEAL PROCESS

1. A team may appeal to the Event Judge for any disputed call.
2. If the Event Judge’s ruling on the appeal is unsatisfactory, a final appeal may be made to the Master Judge. Master Judges’ ruling is FINAL.
3. No team may appeal ruling on another team score.

NOTE: All participants will be required to sign their scoresheet indicating agreement with the final score. Once a participant signs the scoresheet and leaves an event, that score is FINAL and ineligible for appeal.

The use of an ox block will be allowed for all events EXCEPT Hurt Man Rescue.

Event rotation flow will be monitored and enforced. Teams will have enough time between events to check in with the event judges when they arrive at the event. Event rotation schedules will be distributed with registration packets. Score sheets will include a check-in/check-out time. Judges will also have a schedule with check-in/check-out times as well as team names so that participants can be located more easily for enforcement
