### About the Course

Come enjoy this peaceful, natural course, which was designed to have a low impact on the surrounding environment. Widow's Walk utilizes the natural contours of the land, as well as those contours left by Boston Sand and Gravel's as architectural tools. It features terrific views and offers a friendly layout and challenging play for all level golfers. Golfers of all abilities will enjoy a truly great golfing experience in America's first "environmental demonstration course". Widow's Walk opened to much fanfare and national acclaim in 1997. Since then it has been designated as an Audubon International Certified Audubon Cooperative Sanctuary, and its avian nesting box programs provide habitats for numerous species of birds.

**Shotgun start at 11:00 am  
Scramble format.**
